## What is this all about?

Flor y Canto was started by a group of individuals living in North East LA who feel there is a real need for a social and public space that can improve the lives of local residents. We want to create a center that can provide resources from which many projects can bloom.

We currently have:

- 1 Radical Bookstore
- 1 3 Computers with fast internet
- 1 A fun Foosball table and games!
- 1 Meeting Space

We will also have a variety of workshops and events including: Basic Computer training, Container Gardening, Seed Exchange, Drawing and Woodcut class, Vegetarian potlucks, Weekly Film night, study groups, Essentials in mobile DJing, Language classes, and more!

## Not-for-Profit!

The center is run by a collective of volunteers that do it for the joy of seeing a vibrant space that aims for real community without the confines of consumer culture.

We try to cover our expenses with book sales and some nominal computer charges but all proceeds go back into improvements and new programs.

## Want to help out?

Now that we've got the space we need to start working on the different projects and events that will make this a cool space to hang out. Is there something **you** would like to do? Do you want to host a workshop or discussion? Talk to us!

Of course, you can always help us with monetary donations or maybe you have a skill you can donate, whatever it is, we can probably use it.
